

Mary Beth Morgan | Elected Director

Mary Beth Morgan is the Vice President and General Manager for the Glenda G. Morgan Charitable Foundation (GGMCF) in Winter Park, Florida.

This public charity supports philanthropy, volunteerism, and grant-making foundations with an outreach that focuses on partnering with non-profit organizations who facilitate programs both nationally and internationally, including Central America and South Africa. Some of the programs include youth enrichment, self-sustainable education in aquaculture, reforestation, agricultural and animal husbandry.

GGMCF has also worked with the Burnett Honors College and the College of Nursing for several years to provide scholarships and support for UCF's International Study Abroad programs. These study abroad programs are designed to enhance the University's curriculum and to provide students opportunities to serve in indigenous communities in various countries where pre-established partnerships exist to allow students to develop abilities to become global citizens.

Mary Beth is a founding and current member of the Burnett Honors College Dean's Advisory Board; and serves on the UCF Foundation's Finance and Facilities Committee.

She resides in Maitland, Florida with her daughter, Brianna (a college freshman doing her first year studying abroad in Spain) and their dog, Joey.
