Staff recommended one minor revision that would align the committee charter with the recently amended bylaws. The change would reduce the minimum Elected Director count from five (5) members to three (3). No other changes were recommended.

B. DISC-2: Investment Performance for Period Ended June 30, 2024

A review of the portfolio performance summaries consisting of current asset allocations, market overview, fund summaries, and key performance benchmarks by Callan was conducted. Carabasi and Lewis reported the endowed funds investment pool market value as of June 2024 totaled \$262 million, reflecting a fiscal year-to-date return of 11.60% while the benchmark reflected a 10.03% return for the same period. Equities markets reflected a 19.01% return for the same period, bolstered by continued gains in the S&P 500. Fixed income reflected a return of 3.86%, and private markets reflected a return of 2.38%, for the same period.

Lewis fielded questions from the committee related to small cap performance, style drift, and private equity.

Todd Carabasi, *Vice President*, Weston Lewis, *Senior Vice President*, and, Adam Lozinski, *Vice President*, Callan LLC, and Craig Erwin, *Chief Financial Officer*, UCF Foundation, Inc., and Joseph Mera, *Director, Financial Planning and Analysis*, UCF Advancement and Partnerships, presented the following item:

C. DISC-3: Statement of Investment Strategy

Lozinski led the review of the Endowed Funds Asset/Spending Study. The Investment Committee was asked to discuss the current investment policy and impacts of changes to the asset mix. Callan prepared four (4) asset mixes and respective projected returns, risk, and excess returns relative to volatility. Factors for the study included investment objectives, spending and contribution policies, asset classes for inclusion, time horizon, liquidity needs, implementation challenges, and governance models. Lewis noted that an asset allocation study should be conducted every three (3) to five (5) years to determine volatility and how the UCF Foundation's strategy differentiates from peer institutions.

Callan representatives fielded questions from the committee regarding implementation timeline expectancy. Faculty Advisor Gregg inquired about whether cash contributions to the endowment were embedded in the goals of fundraisers. Rodney Grabowski, *Senior Vice President*, UCF Advancement and Partnerships, and *Chief Executive Officer*, UCF Foundation, Inc., confirmed that those goals were present, and that the department has seen an increase in endowment pledges. He further noted that the department was anticipating double to triple the amount of endowment contributions in Fiscal Year 2024 – 2025.

Chair Heaton recommended the committee review this further to finalize recommendations at either the January or April 2025 Investment Committee meeting, with the potential of forming an ad hoc workgroup to review.
